

Digital and Media Literacy Training

Learn to Navigate
Through the Digital
World!

25 HOURS OF FREE ONLINE INSTRUCTION

Opportunity for new immigrants to develop digital literacy and essential skills to help with their employment search and daily life activities.

Participants will also improve basic vocabulary and develop language related to digital and media technology.

TOPICS INCLUDE:

- Computer and its functions
- Searching the Internet effectively
- Shopping and banking online
- Social media and online communication
- Job searching and studying online
- Protecting privacy and security online

CLIENT SATISFACTION

“This course helped me a lot! I can use the knowledge in my job search and daily communication. The instructor assisted the students along the way, and presented the content clearly and effectively. She was excellent.”

Rene Wang
